

# SERVICE OFFERING

## Advantage WorkComp Services

From on-site nurse case management services to background checks and safety seminars, Advantage WorkComp Services can provide all of your workers' compensation needs.

We work with clients nationwide who desire business partners, not just service providers. Our management team has decades of experience and success turning around major operations. Let us share that knowledge and experience with you.

Advantage WorkComp Services include:

- **Managed Care and Fee Management Programs**

- On-site and telephonic case management
- Bill review
- Early intervention
- Utilization review
- Vocational rehabilitation
- PPO discounts

- **Claims, Fraud and Safety Services**

- Claims management
- Fraud surveillance
- Special investigations
- Safety engineering

- **Consulting and Seminar Training**

- Return to work education

- Safety seminars
- Claims department operational consulting
- IT consulting

Our Advantage On-Site™ program is an additional option that can enhance any of our services. Our people work in your offices for easy coordination and more effective communications with your staff. It is flexible and available when you need it.

Every service needed by the insurance and employer community can be assisted and strengthened with an Advantage partnership. Your success is our success.
